

My Mosler Biography

Kimberly (Ittel) Gebhart - I joined Mosler in 1979 as an Order Entry Clerk for Charlie Schenk in the Parts Department on Belle Avenue. My very first JOB!! (I wanted to work where my Grandfather worked – Art Ittel). I worked with Linda Reace, Peggy Scherer Escapa Robinson, and Ray Click. Within four months I moved into the Technical Publications Department with Eddie Scherer as Secretary, Type Composer. Working with Don Laney, Leonard Trimmer, Gary Berger and Sid Gutzwiller to name a few. Working with Priscilla Phillips and Mr. Jack Smith and everyone on Belle Avenue. Moving to the Berk Blvd. facility where all the Field Operations were headquartered became my second family. I also worked for Jim Gels in Technical Services and answered thousands of phone calls until I went to work in Human Resources department for Hank Hinrichsen until I left Mosler in 1995.

I worked with so many wonderful people over the years and I can't wait to see them again.

I am now working at Butler Rural Electric in Oxford and have recently got engaged to Lonnie Phipps and plan to be married this year. Still living in Hamilton and I have one son, Logan, who will be a junior at Hamilton High School in the fall.
