

My Mosler Biography:

Barb Davis – I joined the Mosler Safe Company in 1979 as the Administrator of the National Education Center, hired by David Stanley.

At that time, the Education Center was in the basement of Belle Avenue. As I held that position for another six years, I enjoyed the move to Berk Boulevard and the beautiful new facility there. My favorite part of this position was the phone contact I had with the branch secretaries and managers, and also meeting the many field personnel who came in from around the country for training.

In 1985, I was hired by Bob Rosberg as the Administrative Assistant to the Mosler Anti-Crime Bureau, which was located at the Grand Boulevard facility, and held that position until Bob and Joe Wolpin retired. At that time, Joe Lingg, Vice President of Finance, hired me as his secretary, and I also assisted Paul Jeanmougin.

In 1997 and now back at Berk Boulevard, I held the position of Secretary to the Senior Vice President of Installation & Service, Peter Fogg (I also assisted Al Ryan, who was Vice President of Installation & Service), and the Senior Vice President of Finance, Tom Bell. In June of 1999, I took an early retirement, which turned out to be a good decision.

My husband, Bernie, and I have been married for 51 years; we have three children, seven grandchildren, one great granddaughter and one great grandson expected in October. We live in Hamilton, OH.
