

**My Mosler Biography:**

**Beverly Flaig** – I joined the Mosler Safe Company in 1970 as a Stenographer, hired by Gene Gabbard in the Parts Department. I remember everyone I worked for during my 31 year career with Mosler; here are some highlights: Jack Smith in Field Operations, Bob Fisher and Marge Craycraft in Personnel; Dick Dyer and Jim McEntire in Industrial Relations.

The next ten years were in the Market and Business Planning: Jerry Feuer, John Parmater, Chris Jenkins, Joe Patton, Jim HusVar, and Bill Lorber. Another 13 years I was Legal Secretary to General Counsel, most of those years under Sandy Sheffer. Finally, Cost Accounting under Tom Wolf and Jim Flanagan, and Risk Management under Debbie Roberts, and Mary Lynn May.

In August 2000, I left Mosler Inc. to become an Administrative Assistant, Master, at Miami University in Oxford, University Advancement Division. In August last year, I retired from Miami to join my husband who was already retired. We live in Hamilton, OH; stay in touch with our son, Michael and his wife Suzanne and our two beautiful grandchildren in Oklahoma, enjoy target shooting together, and spending time with friends and family.
