

**My Mosler Biography:**

**David Lobinsky** – In 1966 I joined the Mosler Safe Company in Minneapolis, MN as a Service Representative; thus my 30 year Mosler adventure began.

I installed and serviced Alarm and CCTV Systems in Minnesota, North and South Dakota, Mexico and Israel. I also helped establish resident offices in North and South Dakota.

My positions with Mosler ranged from Service Rep to Service Coordinator, Major Project Specialist, Sales Coordinator, Commercial Account Executive and Financial Account Executive.

From 1968 to 1996, I attended the following Mosler classes in Hamilton, Ohio: factory technical training, service management, factory service technical training, sales product training, Comsec sales training, and sales product training.

In 1981, John Barr hired me as a Commercial Account Executive for the San Francisco/Northern CA Area. In 1988 I left Mosler briefly but returned in 1991 when Doug More, National Sales Manager, hired me as an Account Executive in Anaheim. I remained until Mosler closed its doors. I worked at ADT for several years before retiring.

I am so blessed and fortunate to have met so many wonderful people at Mosler, too numerous to mention – but you know who you are!

I live in Fullerton, CA with my child-bride, Jill, and our dog Bear. I love golf, belong to the Elks, VFW, American Legion and Masons and have a part-time courier job with Silliker Inc.
