

My Mosler Biography:

Sandy Baker - I began my 38+ year career with Mosler in 1964, delivering mail at Plant 1. I was hired by Wes Brinkman and worked with Dale Lipscomb, Iris Hurley and Peyton Townsend. My grandfather, Jim Maupin, was Foreman of the Warehouse. Bill Marquard was President, and the Mosler family were all active in the business.

My first secretarial position was for Lowell Jones in Order Entry. I worked with Bill Koehler, Don Duvall, Betty Fremgen, Oscar Bodner, Janet & Danny McMullen - to name a few.

I was secretary to Al Jones, Sales Manager for the “Big Blue Machine.” After the division closed, Hank Hinrichsen (HR) called and told me I no longer had a job. I told him I was not leaving and to find me something. He did – I went to work for Fern Stefek who supervised Used Equipment.

Next, I was promoted to Advertising as secretary to Bob Myron.

In 1978, My dream job came true when I became Secretary to the President, Bob Murphy. I remained for 23 more years, working for Steve Marzano , Mike Battaglia, and, eventually, Michel Rapport. During that period, I also served as secretary to the Vice President of Human Resources which included Dick Gamble, Al Rabasca, and John Tamashasky.

Mike (my husband of 52 years) and I, live in Ross, Ohio. We have a son, Mike Jr., a daughter Nancy, and one grandson, Ryan.
