

My Mosler Biography:

Tom Lowe – In the fall of 1962, I was hired by the Mosler Safe Company. Lon Ely and Jack Smith hired me and I went to work in the Repair Department under Lon Ely. Initially I repaired safes and drive-in window drawers.

I quickly developed a keen interest in locks, so Lon Ely assigned me to work with Harvey Partee.

The Cincinnati Service organization needed someone to replace a locksmith who was retiring, so, Mosler moved me to the Cincinnati Branch Service office in 1965. I remained at Cincinnati Service office until Mosler went under in 2001.

I worked briefly for a service company called Montech, before being hired by Diebold in 2002. I continued to do service work until my retirement in November 2013.

I now reside in Florence, Kentucky with my lovely wife Susan. I have a son who lives in Phoenix, Arizona.
